### Program Features

NxEdge offers the largest on-hand inventory of new surplus OEM parts at around 50 percent off list price. We've recently expanded our OEM parts offering to bring you an additional way to save.

NxEdge Savers features OEM parts not in original OEM packaging and discounted to move. All Savers products are OEM parts, so there is no additional qualification required.

Visit [nxsemi.com](http://nxsemi.com) for convenient, 24-hour access to our fully-searchable, online inventory system. To request a comprehensive soft-copy of the most current Savers inventory, email [parts@nxsemi.com](mailto:parts@nxsemi.com) or call 512.933.1100 to speak with a representative.

All NxEdge Savers parts are sold "as is" with no warranty. Pictures provided upon request.
